

**Karlo Perkov, Candidate for Hamersley Ward**

Good morning "Beach Not Bitumen" team,

Although the Hamersley Ward I'm running in is not part of the area of your immediate concern, it nevertheless contains elements of wetlands and nature reserves to which such action plans must also be implemented.

Groups such as Beach Not Bitumen, Friends of Lake Gwelup and Gwelup Progress Association play a very important part in highlighting real conservation issues.

I've spent a large part of my life living on properties containing rivers, lakes and natural bushland and we still own a property bordering Lake Neerabup.

The Trigg Beach area has particular significance for our family and our ongoing enjoyment of the coastline. I've attached a photo for your viewing pleasure. To that end, I fully support your ongoing endeavours.

Best regards

Karlo Perkov - Candidate for Hamersley Ward
